EDUCATION

Tribhuvan University (Kathmandu Bernhardt College)
Bachelor of Science in Computer Science and Information Technology

Bafal, Kathmandu
Apr. 2022 – Present

Kathmandu Bernhardt Sec. School
Science Faculty

Balkhu, Kathmandu
May. 2019 – Dec. 2021

EXPERIENCE

.NET Intern

Oct 2025 – Present

Softech Foundation

Mid-Baneshwor, Kathmandu

- Assisted in the development and maintenance of web applications using C-sharp and the .NET framework.
- Participated in code reviews and debugging sessions to identify issues and optimise application performance.
- Gained hands-on experience with SQL databases, writing queries and stored procedures for data management.

Graphics Designer

Apr. 2025 – Sep 2025

Cherie Digital Tech

Durbar Marg, Kathmandu

- Designed and edited marketing collateral, including social media posts, banners, and brochures using Adobe Photoshop and Canva.
- Created vector-based illustrations, logos, and icons using Adobe Illustrator to support brand consistency.
- Collaborated with the marketing team to translate conceptual ideas into visually compelling graphics.

Digital Marketing Intern

Dec 2024 – Apr 2025

Cherie Digital Tech

Durbar Marg, Kathmandu

- Assisted in planning and executing multi-channel digital marketing campaigns.
- Managed content calendars for social media platforms (LinkedIn, Instagram, X).
- Monitored website traffic and campaign performance using Google Analytics.
- Gained hands-on experience in social media management, market analysis, and performance optimisation in a fast-paced marketing environment.

PROJECTS

Nature Basket Boutique | *HTML, C-sharp, CSS, SQL, Javascript, Others*

Nov 2025 – Present

- Built a scalable MVC e-commerce platform using the Repository Pattern and Unit of Work for clean, efficient data management.
- Developed a secure Admin Dashboard to handle order processing, shipping, cancellations, and status updates with role-based access control.
- Engineered a session-based shopping cart system that persists guest data and automatically merges it into the database upon login.
- Designed a responsive interface using Tailwind CSS that adapts layouts for guests vs. admins and includes real-time product filtering.

RealEstateApp | *C-sharp, SQL Server, Bootstrap 5, HTML5, JavaScript.*

Oct 2025 – Dec 2025

- Developed a scalable MVC web application using ASP.NET Core 8, Entity Framework Core, and SQL Server, implementing Code-First migrations for robust data management.
- Engineered a secure authentication system using ASP.NET Core Identity, featuring distinct dashboards and authorisation policies for Administrators and Users.
- Implemented complex features including dynamic property filtering with LINQ, multi-image upload handling, and a JavaScript-based mortgage calculator.
- Designed a responsive, mobile-first frontend using Bootstrap 5, featuring interactive data tables, CSV data export, and modern card-based layouts.

TECHNICAL SKILLS

Languages: C-sharp, CSS3, HTML5, JavaScript (ES6), SQL, Python, php

Frameworks: ASP.NET Core 8 (MVC), Entity Framework Core (EF Core), Bootstrap 5, WordPress

Developer Tools: Visual Studio 2022, SQL Server Management Studio (SSMS), Git, VS Code, GitHub, Antigravity
